

# International Human Rights Arts Festival

## **WHAT WE'VE COMPLETED**

Better Future Strategies (BFS) completed an operations evaluation to assess current program management structure and identify fundraising goals. The evaluation identified potential virtual fundraising opportunities. The evaluation also included developing a roadmap to build a stronger governance structure with the board. This was a two-month project to provide strategic direction for the immediate term.

### **Deliverable and Success Criteria**

BFS delivered an operations evaluation template and a prioritized target grants list. Both were approved by the founder.
